EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech., EE	National Institute of Technology, Bhopal	7.61	2022 - Present
Class 12th	Mahatma Hansraj Modern School, CBSE	93.6	2021
Class 10th	Jai Academy, CBSE	96	2019

EXPERIENCE

- **ABLEON Connect** May 2024 - June 2024
Software Developer Intern On-site
 - Developed a responsive and intuitive frontend interface to connect students with jobs and internships.
 - Collaborated with a small team to design and implement scalable, user-focused web application features.
 - Tech Stack: ReactJs, ExpressJs, NodeJs, MongoDB.

PROJECTS

- **ChatBox: A scalable chat app** May 2025 - June 2025
Tools: NextJs, ReactJs, NodeJs, PostgreSQL, Socket.io, redis, TypeScript
 - Developed a full-stack chat application using Next.js and TypeScript with **real-time group messaging**.
 - Integrated **Google OAuth authentication** and implemented dynamic, route-based navigation.
 - Built event-driven messaging with **WebSockets**, ensuring responsive UI and efficient state management.
- **SettleWise: Minimizing Transactions** Dec 2024 - Jan 2025
Tools: ReactJs, react-d3-graph, Max Heaps, Algorithm, Data Structure, Graph.
 - Built a system to **minimize group transactions** by resolving circular debts using a **Greedy Algorithm**.
 - Implemented a **max heap** from scratch using arrays in JavaScript for **efficient debt resolution logic**.
 - **Visualized optimized transactions** and relationships using **react-d3-graph** for interactive insights.
- **SANJAY : AI assistant for visually impaired.** Jan 2025 - April 2025
Tools: Python, Meta LLaMA Vision(LLM), Groq Inference Engine, OpenCV, Raspberry Pi 4.
 - Engineered a real-time vision-to-audio system using **LLaMA Vision** and **Groq inference**.
 - Leveraged vision-language models powered by **Natural Language Processing** to describe visual scenes.
 - Delivered **contextual audio feedback** to convey environmental information in real time.

SKILLS

- **Programming Languages**: C++, HTML, CSS, JavaScript, TypeScript, Python.
- **Web Development Frameworks/Environments**: ReactJs, NodeJs, ExpressJs, NextJs.
- **Developer Tools**: VS Code, Postman, GIT/Github.
- **Databases**: MongoDB, SQL
- **Relevant Coursework**: Data Structures, Algorithms Design and Analysis, Object Oriented Programming, Computer Networks, Database Management System, Operating Systems, AI Techniques, Microprocessors and Microcontrollers.
- **Soft Skills**: Teamwork, Leadership, Communication, Time Management, Problem Solving, Consistency.

PROGRAMMING PROFILES AND ACHIEVEMENTS

- **Won Best Minor Project Award** among 200+ projects and 1000+ participating students across engineering departments for **SANJAY**, an AI-powered assistive system for the visually impaired.
- **Pupil at Codeforces** (Max. rating 1314): Solved 150+ problems
- **LeetCode** (Max. rating 1645): Solved 650+ problems
- **3 star at CodeChef** (Max. rating 1601): Solved 50+ problems

POSITIONS OF RESPONSIBILITY

- **Students' Coordinator**, VISION, The official technical society of MANIT.
Led a 40-member team and mentored two workshops with 250+ participants each as Student Coordinator of the Technical Society.
- **Event Manager**, Aaroha (Non-Governmental Organisation).
Taught 40-50 underprivileged children lacking formal education as part of an NGO initiative.
