EDUCATION

- **Maulana Azad National Institute of Technology** 2022 - present
Electrical Engineering CGPA: 6.7
- **New English School** 2022
Senior Secondary Examination, Maharashtra Board, Maharashtra Percentage: 57.83
- **New English School** 2020
Secondary Examination, Maharashtra Board, Maharashtra Percentage: 91.00

EXPERIENCE

- **Local Substation** May'2024-June'2024
Trainee Jamner
 - Studied electricity distribution over a sub-urban settlement neighbouring more than 150 villages using power systems and transmission of electric power through high-voltage transmission lines.
- **Paper and board mill** June'2024-July'2024
Trainee Jamner
 - Worked along sides industry experts in-order to gain hands-on experience with electrical systems and equipment required to keep a hefty machinery as that of a paper mill, running.

PERSONAL PROJECTS

- **Servo Robotic Arm**
Developed a robotic arm controlled by servo motors for precise motion. Integrated a micro-controller to control arm movements.
 - Tools & technologies used: Arduino Uno, servo motor, jumper wires, breadboard
- **Automatic Temperature Regulation System**
Helps in maintaining a desired temperature within a space by controlling the cooling devices.
 - Tools & technologies used: ArduinoUNO R3, Relay, Temperature and humidity sensor DHT11, Hobby motor, Jumper Wires.

TECHNICAL SKILLS AND INTERESTS

Developer Tools: Arduino IDE, VisualStudio code.

Soft Skills: Public Speaking, Team Management, Leadership skills, Time Management, Resource management.

Coursework: Power Systems, Instrumentation, Electronic devices and circuits

Areas of Interest: Technology, Innovative solutions, Electrical and Electronics.
